Board Discussion:

Glowicki stated that he thinks we need to make sure we have everything in order regarding the gravel pits in the township. He knows that there are some places in the state that are mining gravel preparing for all the roadwork that the state is proposing. He wanted to know if the gravel pits that have been closed and not running for years can just reopen. He stated that we need to review them and make sure that they are all legal and up to date with our ordinances. Laskowski stated that there really isn't anything to review because they have already been approved for a special land use and would be grandfathered in with the new ordinance. Glowicki stated that they should have to prove that they have been working; they should have receipts or something. Laskowski stated that when the special land use was approved, there were no contingencies put into place that stated that they had to be working.

Next Meeting: Next Planning Commission meeting will be on April 5, 2016, at 7:00 p.m.

Meeting adjourned at 7:50 p.m.

Respectfully submitted by

Amy L. Holbrook, Secretary
